

Artists at the Center

Art is at the center of every social movement! Join us for this hands-on art-making workshop. We'll share our stories of how climate change has affected our lives and the lives of people we care about. Then we'll engage in exciting ways to make art inspired by those stories. No experience is necessary—everyone is welcome!

Friday, September 22, 9:00 am - 1:00 pm

12 East 41st Street, 7th Floor

Tools for Climate Organizing

Sustaining All Life (SAL) and United to End Racism (UER) are international grassroots organizations working to end the climate emergency within the context of ending all divisions among people. As part of New York City Climate Week, SAL/UER will present many interactive workshops that address barriers to resolving the climate emergency. Our events will also show participants how to exchange effective listening to free themselves from the emotional harm resulting from oppression and other hurtful experiences—harm that can interfere with thinking about and responding effectively to the climate crisis.
