

In this first *Present Time* of 2013, you can see some of the good thinking that just keeps coming in—about care of the environment; re-emerging effectively and efficiently; leadership; language liberation; the liberation of young people, women, men, and people targeted by racism; and much more.

We'd like to hear from you! For the April issue, please send us your articles and poems by Tuesday, February 19, and any changes to the back-pages lists by Monday, February 25.
