

The World Conference of the RC Communities is in August of this year, and this is a special World Conference issue of *Present Time*. You'll find in it reports from most of the International Liberation and Commonality Reference Persons, and a few people speaking for other constituencies, on what they see as the issues facing their constituencies, the RC Communities, and the world. There are also articles by Tim Jackins; excerpts from *Rough Notes from Liberation I and II*, by Harvey Jackins; and a few articles and poems by other Co-Counselors. Much appreciation to all the authors!

For the October *Present Time*, we'll need articles and poems by Monday, August 21, and changes to the back-pages lists by Monday, August 28.
