

In this *Present Time*, in connection with the World Conference, Tim Jackins writes about “how we got here” and what we are trying to do, and Diane Shisk writes about a new Goal on the climate. You’ll also find articles about language liberation, abortion, Transgender people, “mental health” liberation for African-heritage people and Jews, and a lot more.

For the October issue, we’ll need your articles and poems by August 15, and changes to the back-pages lists by August 22.
